Reflector Tape

No reflectors shall be mounted on mailboxes and posts unless it is the 2” Black reflector tape. Tape shall be permitted if installed horizontally on the mailbox support bar and vertically on post.

You can purchase the approved reflector tape manufactured by Paper Street Plastics from Amazon.

HOW TO PAINT YOUR MAILBOX

If the mailbox is green with mildew, first wash with a chlorine bleach solution, rinse and let dry before painting.

Materials needed:

- All mailboxes should be finished with a flat black spray or roll on paint.
 - 1 can apple red spray paint - Rust oleum Painter’s Touch or equivalent
 - 1 sheet medium sandpaper, a rag, a screwdriver
 - A piece of cardboard, newspaper or other paper to protect the numbers from paint
 - Painters tape, for masking the numbers with paper
- Use the screwdriver to remove the flag, and spray paint the flag red.
- Scuff the mailbox and post lightly with the sandpaper to help the paint adhere.
- Wipe down the mailbox and post with the rag.
- Mask the numbers with paper and tape...DO NOT PUT TAPE ON THE NUMBERS...it will pull them off.
- Spray the mailbox and post, protecting any plants near the mailbox. Carefully, remove the paper masking the numbers.
- When dry, reattach the flag.
